Subject: Seeking to Permission for the certificate course...

Respected sir,

With reference to the subject cited above, our department Physics and Electronic Science want to organize the certificate course for science faculty student entitled "PCB Designing". This course will helps us to create an interest among students towards the subject.

Thanking you in anticipation.

**Certificate course – PCB Designing**

**Year: 2023-24**

## **Syllabus**

**Module 1: Basics of circuit and PCB designing (12L)**

**Circuit Design** – Introduction to components, types of components (Active & passive), Component Package Types, selection of components, circuit design process.

**PCB Design** – What is PCB, need, types, materials used, design process, trends in PCB Designing (Older PCB Method, PCB Designing Using Graph Paper, Making a hand drawn PCB, Using Computer for EDA), Description of PCB Layers, Electrical Layers, Mechanical Layers, Documentation Layers, Keywords (Footprint, Pad stacks, Vias, Tracks etc.), PCB design rules. PCB design steps (design, printing, etching, drilling, soldering, assembly, testing).

**Module 2: PCB design software details for schematic (12L)**

**Theory Session** - Beginning a New Schematic, Placing Items in the Schematic, Placing Symbols, Labeling components, Editing the Schematic, Creating New Components, Working with Sheets and Ports, Checking the Schematic for Errors.

**Practical Session** - Hands on practice on available library of components, working through wiring and schematic designing, Drawing a Schematic, Setting up Environment for PCB, Making New Component Symbols.

**Module 3: PCB design software details for layout (12L)**

**Theory Session** - Linking the Schematic and PCB, Beginning a New Layout, Placing Items in the Layout, Editing the Layout, Changing the Board's Perimeter, Creating New Components, Keyboard Shortcuts.

**Practical Session** – transferring schematic to layout, selecting the Component's Footprints as per design, Picking and placing the Component, PCB Layout Designing, Design a Board, Introduction to Autorouting (Setting up Rules, Setup), Making New Footprints, assigning Footprint to components.

**Module 4: Error checking, documentation and Hands-on training**

**(12L)**

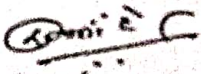

**Theory Session - Design Rule Check (DRC), Design for Manufacturing (DFM), bill of material, finding & troubleshooting errors in schematic & layout.**

**Practical Session – PCB Designing of Analog, digital, communication or embedded Electronic Circuits, Gerber Generation, Printing the Design, Etching, Drilling, Soldering, Component Mounting, PCB and Hardware Testing.**

### Report

Our Department of Physics was organized the certificate course for B.Sc. students entitled PCB Designing on dated 8th January 2024 to 18<sup>th</sup> January 2024. The theory lectures and practical's of this course was arranged in the physics laboratory in our college. For this certificate course total 25 students were admitted.

The inaugural function was organized on 8th January 2024. For this inaugural function Prof. R. B. Kharade, Department of Physics New Arts Commerce and Science Parner was chief guest. Sir had given the theory lecture basic Electronic components. Also Prof. Ghule N. B. and Prof. Gadilkar H.N. and Prof. Raje R.A. also delivered theory and practicals of the course.

Dr. V. Dhawale (Department of Physics New Arts Commerce and Science Parner.)  
guided about the certificate course.

**REPORT OF CERTIFICATE COURSE**

The department of Political Science organized certificate course in the month of April 2023. The certificate course was entitled as **Political Journalism**. The objective of the course was to nurture the various skills in the field of Political Journalism.

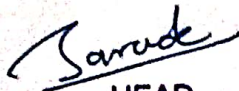

The certificate course was inaugurated by of Prof. (Dr.) M. R. Erande on 1/09/2023. The course was scheduled to be of 15 days. During the scheduled time various topics were discussed with the students such as important Personalities in the field of **Political Journalism**, how the political process works, what are the tools to be used while collecting data on Political issues etc.. The above discussed topics are explained by Prof. Nutan Gaikwad and Prof. Durga Raykar.

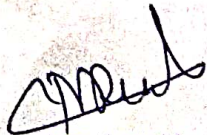

In this certificate course students from various departments took admission and attended classes regularly. Department ran this program successfully in the academic year 2023-24 . Many Students were benefitted from this course.

Department of Economics organizes certificate course on **Financial Market**. Chief Guest

**Report on the Certificate Course in Translation Skills**

---

(Academic Year 2023-24)

A comprehensive report on the Certificate Course in Translation Skills organized by the Department of English at Shri Mulikadevi Mahavidyalaya during the academic year 2023-24

**Objective of the Course:**

The primary objective of the Translation Skills Certificate Course was to enhance participants' proficiency in translating written texts from one language to another. The course aimed to develop a deeper understanding of linguistic nuances, cultural context, and the art of effective communication through translation.

**Duration and Schedule:**

The course consisted of 30 Hrs. of interactive sessions each week. Classes were conducted on week days at 11.30 am to 03.00 pm, allowing flexibility for participants with diverse schedules.

**Curriculum:**

The curriculum was thoughtfully designed to cover various aspects of translation, including theoretical frameworks, practical exercises, and real-world applications. The topics covered included:

1. Fundamentals of Translation Theory
2. Techniques for Accurate Translation
3. Cultural Sensitivity in Translation
4. Specialized Translations (Literary, Technical, Legal, etc.)
5. Computer-Assisted Translation Tools
6. Practical Exercises and Case Studies

**Resource Persons:**

- Ms. S. V. More (Head, Department of English)
- Mr. A. S. Patkar (Asst. Professor, Department of English)

Their valuable insights and hands-on experience enriched the learning process, providing participants with a well-rounded perspective on the field of translation.

**Evaluation and Assessments:**

Participants were evaluated through a combination of written assignments, and a final examination. The assessments were designed to gauge their understanding of theoretical concepts as well as their practical application in real-world scenarios.

**Certificates and Recognition:**

Upon successful completion of the course and meeting the required criteria, participants were awarded certificates by the Department of English, Shri Mulikadevi Mahavidyalaya. This recognition served as a testament to their commitment and proficiency in translation skills.

**Feedback and Recommendations:**

Feedback from participants was overwhelmingly positive, highlighting the effectiveness of the course in enhancing their translation abilities. Constructive suggestions for improvement, if any, were duly noted and will be considered for future editions of the course.

**Conclusion:**

The Certificate Course in Translation Skills conducted by the Department of English at Shri Mulikadevi Mahavidyalaya during the academic year 2023-24 was a resounding success. It provided a valuable platform for participants to hone their translation skills, fostering a deeper appreciation for the art and science of translation.

We express our gratitude to the organizers, instructors, and participants for their active involvement and commitment to the success of this program.

6. Hydroxide
7. Oxidane
8. Dihydrogen oxide

**Q2. Which one is the purest form of water?**

5. River Water
6. Ground Water
7. Rain Water
8. Tap Water

**Q3.** The zeolite softening process is used in removing both the temporary and permanent hardness of the water. In this process, the calcium and magnesium present in water are precipitated as

5. Insoluble carbonates
6. Insoluble zeolites
7. Insoluble chlorides
8. Insoluble sulfates

**Q4.** What is acid rain?

**Q5.** What are the differences between pure water and contaminated water?

**Q6.** What is precipitation?

**Q7.** Name any two water conservation techniques adopted in India.

**Q8.** What are the sources of water pollution?

**Q9.** We can remove hardness in temporary water by boiling, but the hardness in permanent hard water cannot be removed by boiling. Give reason.

**Q10.** Match the following.

Column 1	Column 2
(a) Green vitriol	2. Permanent hardness in water
(b) Paint	2. Hygroscopic
(c) Magnesium Chloride	2. Temporary hardness in water
(d) Magnesium bicarbonate	2. Heptahydrate
(e) Calcium Oxide	2. Colloidal

Q11. What is DO?

Q12. What is the water cycle?

Q13. What is BOD?

Q14. What is COD?

Q15. Match the following.

Column 1	Column 2
(a) Caspian Sea	2. Stream of water moving along a concrete path
(b) Tide	2. Strong seismic waves
(c) Tsunami	2. Periodic rise and fall of water
(d) Ocean Current	2. Largest Lake
